

Practicum Project POST-Survey

Dear Licensed Healthcare Professional,

Thank you for collaborating with a Chamberlain University's RN-BSN student in the implementation of a Practicum Project. The aim of the Practicum Project is to advocate for community health through collaboration with licensed healthcare professionals and the provision of educational resources. The purpose of this survey is to assess your knowledge of the following community health topic after the student's collaboration with you and the provision of educational resources. Anonymous data from this survey will be used in the Practicum Project.

The community health topic for the Practicum Project is _____.

Please select the response option that best reflects your opinion or attitude toward each statement. Place an "X" in the corresponding cell.

#	Statement	Strongly Agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree
