

History

Score	Order	Type	Question	Response
●	1	Assoc Sx	Have you been having fevers?	Not until yesterday.
●	2	Assoc Sx	Do you have pain/discomfort when you urinate?	No. I just haven't urinated at all.
●	3	Assoc Sx	What treatments have you had for your diarrhea?	Nothing really.
●	4	Assoc Sx	What treatments have you had for your fever?	Nothing really.
●	5	Assoc Sx	When was your last bowel movement?	About 30 minutes ago. I have had watery diarrhea for 24 hours now.
●	6	Assoc Sx	Does your fever come and go?	I have had some chills over the past 24 hours.
●	7	Assoc Sx	Do you have any pain or other symptoms associated with your diarrhea?	No. Just having to go frequently.
●	8	Assoc Sx	How high is your fever?	Not sure but know I have some due to the chills.
●	9	Assoc Sx	Do you have any other symptoms or concerns we should discuss?	I'm here because of my diarrhea, nausea, and chills for the last 24 hours, but it all started because of swelling of my lymphedema in my left arm. The on-call HCP thought it might be cellulitis so I got antibiotics. I feel worse than I did three days ago and I haven't even been able to pee for at least 24 hours either. I started having flank pain in the last few hours too.

●	10	Assoc Sx	Are your swollen glands painful, tender, hard, or draining?	I have had lymphedema in my left are for more than a year. The swelling
●	11	Assoc Sx	Does anything make your diarrhea better or worse?	Not really.
●	12	Assoc Sx	Have you had diarrhea like this before?	I don't think so.
●	13	Assoc Sx	When did your diarrhea start?	About 24 hours ago.
●	14	Assoc Sx	When did your fever start?	Yesterday is when I started having chills.
●	15	Introductory	Can I take a look at your wristband to confirm your identity?	I don't have a wrist band but that confirmed my name on my medial cha
